## OVERVIEW

Unveiled in 2018, the Sanlorenzo SX88, Luar marks a turning point in modern yacht design. As the very first hull of the revolutionary SX series, Luar captures the spirit of innovation that defines Sanlorenzo, blending the freedom of an explorer yacht with the sophistication of Italian luxury.

Every line and detail has been carefully conceived by Officina Italiana Design, while the interiors, envisioned by Piero Lissoni, exude a refined, contemporary elegance. The result is a yacht that feels both architectural and welcoming, where minimalism meets warmth.

At the heart of Luar lies an impressive beach club, created by an open transom that brings guests closer to the sea. This wide and versatile space becomes the perfect setting for sunbathing, swimming, or simply enjoying the rhythm of the ocean.

The main deck is designed as a continuous, open living area, a concept made possible by relocating the wheelhouse to the flybridge. This clever configuration allows for a fluid transition between the lounge, dining, and Owner's suite positioned forward, ensuring privacy while maintaining harmony throughout the space.

Below deck, Luar accommodates up to eight guests across four ensuite staterooms: the master cabin on the main deck, two elegant VIP suites, and a twin cabin that can easily be converted into a double.

With its visionary layout, impeccable craftsmanship, and effortlessly chic aesthetic, Luar redefines what it means to live at sea, a yacht where design and emotion sail side by side.

- Cabins: 4
- Cruising Area: Italy
- Charter Rate:

From EUR 75,000 Per week + Apa (Low season)

EUR 85,000 Per week + Apa (High season)

## CABINS

Cabins: 4

Guests: 8
